Profile

A Software Engineer with expertise in Spring, Jakarta EE, API design, and database optimization. My embedded systems background adds a unique edge for delivering efficient, high-performance, and scalable solutions aligned with business needs. Skilled in multithreading, clean architecture, and effective technical communication.

Education

Enterprise and web development using java, 9-Month Professional Training Program, <i>Information Technology Institute (ITI)</i>	Oct 2024 – present Cairo, Smart village
BSc. Computer Engineering, Zagazig University • Accumulative Grade: Very Good • Graduation Project: Robobrain (Grade: Excellent) 🔗 • Developed a multimode-controlled wheelchair featuring eye gaze, brain signals (BCI), joystick, and autonomous ROS control, integrated with a healthcare system.	2018 – 2023 Zagazig, Egypt

Skills

Programming Languages

Java, C, Modern C++ 17, JavaScript

Database

SQL(MySQL, PostgreSQL), JDBC, ORM(JPA/Hibernate)

Software Engineering & Concepts

OOP, Design Patterns, Concurrency, Unit Testing (JUnit, GTest), UML, Agile Methodologies, Microservices

Version Control and Tools

Git, GitHub, Maven, Docker, Postman

Backend Development

Spring(Boot, MVC, Data, Security, Testing), RESTful APIs, SOAP, RMI, WebSocket, JSP, Servlets, RabbitMQ

Frontend Technologies

HTML5, CSS3, jQuery, Angular, JavaFx

Projects

ShoeShow - E-Commerce Platform 🔗 • Developed a full-stack MVC e-commerce shoe store with role-based access, product browsing, real-time cart/wishlist updates, and a secure checkout system. • Technologies: Java, Spring, ORM (Hibernate), RESTful APIs, Angular	Jun 2025
Book Alley – E-Commerce Bookstore 🔗 • Developed a full-featured online bookstore with smart search, cart, order tracking, admin dashboard, and simulated payment processing. • Technologies: Java, Servlets, JSP, ORM, JS, jQuery	Apr 2025
Liqaa Chat App 🔗 • Led a team of 4 to develop a real-time desktop chat app using RMI, with multi-user support, secure authentication, encrypted messaging, and group chat features. • Technologies: Java, JavaFX, JDBC, RMI	Feb 2025

Activities

AICE Program, ALX Career Essential 🔗 • Completed an 8-week program in AI Professional Development Skills in the Digital Age.	Sep 2024 – Oct 2024
Intern at Innovegypt program, InnovEgypt 🔗 • Led a team of 5 in a startup project, securing second place in an innovation competition.	Jul 2021 – Aug 2021
IEEE RAS Member & ICPC Participant • <i>Participated in robotics and coding competitions, strengthening problem-solving skills.</i>	Sep 2021 – Jul 2023

Languages

Arabic (native), **English** (Proficient)
